ORDER

IA-493/2025
(For condonation of delay in refiling the Appeal) (59 days)

Since the delay of 59 days in refiling the Appeal is not so inordinate as to justify refusal to hear the Appeal on merits, the delay is condoned, and the application is disposed of.

IA-197/2025
(For condonation of delay in filing the Appeal) (178 days & 69 days)

The delay as computed by the Registry in filing the appeal is of 178 days. From the date on which the review petition was dismissed the delay has been computed as 69 days. The order impugned in this appeal was passed on 20.06.2024, a copy of which the Appellant claims to have received on 09.07.2024. The Appellant preferred a Review Petition there against on 02.08.2024. The said Review Petition was, eventually, dismissed on 07.10.2024. The Appellant claims to have received a copy of the review order on 07.11.2024, and to have filed the present appeal on 29.01.2025. Ordinarily, the period spent in prosecuting the Review Petition is required to be excluded in computing the delay in filing the appeal. If so excluded, then the delay must only be computed 45 days after a copy of the review order was received by the Appellant on 07.11.2024. The delay would, therefore, be 38 days. The said delay is not so inordinate as to non-suit the Applicant-Appellant on this score. The delay is condoned and the IA is disposed of.

DFR-37/2025

Reply shall be filed within six weeks and rejoinder shall be filed within four weeks thereafter.

After pleadings are complete, Registry to verify and then include the appeal in the List of Finals, to be taken up from there in its turn.
