Appeal No.110 of 2021

The controversy in this appeal seems to be with regard to RPO obligation of the co-generating plant. In several judgments of this Tribunal, we have time and again laid down the law that there is no need for complying RPO by the co-generating plant. Therefore, we admit this appeal.

Issue notice to the Respondents on IA No.402 of 2021 as well as on the Appeal returnable on 26.04.2021. Dasti, in addition, is permitted.

We direct the Respondents not to initiate any coercive steps pertaining to RPO of the Appellant.

List the matter on **26.04.2021** (through video conferencing)
