ORDER

1. The matter was heard for quite some time in respect of the issues relating to pollution in river Ganga in the Districts/Cities of Uttarakhand. We find that the respondents are not ready with the matter pertaining to district-wise/city-wise, sources of pollution to main stem of river Ganga and its tributaries. We also feel that the specific issue relating to each of the district/city from which the river Ganga and its tributaries are passing through in the State of Uttarakhand is required to be looked into. Further, the issue relating to the flood plain demarcation and maintaining environmental flow needs consideration.

2. Learned Counsel appearing for the Applicant seeks one day time to examine the above aspect and produce City/District-wise environment

issues concerning pollution of river Ganga in the State of Uttarakhand in a chart form before this Tribunal.

3. List on 05.09.2023.
