ORDER

I.A.No.99/2023

1. Reply against the I.A. No. 99/2023 has been filed by the Applicant.

The contention of the applicant in I.A. No. 99/2023 are that the area shown by the applicant is beyond the area of the lake or

beyond the encroachment and thus the name of the respondent no. 10 may be deleted from the O.A. The applicant has filed the objection against this application and submitted that the area is clearly visible through the annexure provided in the O.A. and the Google Earth Imagery and the Bhopal Development Plan 2005 conjunction with KML 5 provided by the Water Resources Department. Since we are not proceeding finally to decide the case at present without giving an opportunity of hearing to all affected, thus, it will be more appropriate for the Respondent no. 10 to participate in the proceedings and to protect his right title and interest by filing an application document and raise the objection against the contention raised by the applicant. The I.A No. 99/2023 (CZ) stands **disposed** of accordingly.

2. The Applicant has filed the objection against the Action Taken Report dated 21.08.2024 filed by the State of MP on several grounds. The copy of the application be provided to the Learned Counsel for the State/Municipal Corporation and rest of the respondents to file their objection, if any. Municipal Corporation/Committee be directed to go through the objection raised by the applicant, examine the report with exact measurement and submit the report.

3. Put up with the latest status report on **17th December, 2024**.
